Award Description

The CARSTAR Automotive Canada Research Innovation Fund is to support research projects devoted to advancing the understanding of schizophrenia. Grants will be provided to support research into the causes of schizophrenia, its treatment and the use of interventions with people affected by Schizophrenia, especially those that promote recovery and self-management strategies (i.e. healthy living, support networks, meaningful activity).

General

This document governs the components of the online application process and provides a description of what is required in order to submit an online application. Please go to the St. Joseph's Healthcare Hamilton research website to access the application documents ([www. http://research.stjoes.ca/research-administration/awards-grants](http://research.stjoes.ca/research-administration/awards-grants)) Frequently asked questions (FAQ) are available within the website for your reference. A fully completed submission is to be saved in pdf format, and emailed to research@stjoes.ca. Adobe Acrobat version 8 or higher is required. Additionally, please review the 015-RSJ-H Research Institute Award Program Policy.

Governance

This funding opportunity will comply with The Research Institute of St. Joe's Hamilton CARSTAR Automotive Canada Research Innovation Fund Guidelines and the 015-RSJ-H Research Institute Award Program Policy.

Process

The CARSTAR Automotive Canada Research Innovation Fund competition consists of a single application process for eligible independent researchers. The Award Review Committee (hereby referred to as the Committee) will review the CARSTAR Automotive Canada Research Innovation Fund applications and then forward their recommendation to the Scientific Director who has final approval of the awarding of the funding. All applicants will be notified of the results of their applications in June.

Funding

The total value of the grant is \$20,000 in funding per competition year. Funding would generally start in September. There will be no option for renewal of the CARSTAR Automotive Canada Research Innovation Fund. Approval from the Hamilton Integrated Research Ethics Board (HiREB) is required before funding is released.

Eligibility

Available to independent researchers (as defined below) who are principally located at one of the St. Joseph's Healthcare campuses and are affiliated members of the Research Institute

Independent Researcher (derived from CIHR definitions <http://www.cihr-irsc.gc.ca/e/34190.html>)

An individual who:

- a. is autonomous regarding their research activities; and
- b. has an academic or research appointment which:
 - allows the individual to pursue research projects, to engage in independent research activities for the entire duration of the project(s), to supervise trainees, and to publish the research results; and

- obliges the individual to conform to institutional regulations concerning the conduct of research, the supervision of trainees, and the employment conditions of staff paid with CIHR funding.

Note: An individual, who meets the above requirements but is also a "trainee" as defined in this glossary, is considered an "independent researcher" provided that:

- c. the research proposal covers only areas of investigation for which they are an independent researcher and not areas of research in which they are a trainee; and
- d. they have sufficient time to devote to the proposed research.

Review Process

Applications will be reviewed by the Committee struck by the Scientific Director under the governance structure of The Research Institute of St. Joe's Hamilton. The composition of the committee will be at the discretion of the Scientific Director. The peer review process of the application will be conducted by the Committee.

The **review criteria for the Application** include:

- applicants' Curriculum Vitae
- Publication activity
- Other research activity i.e. abstracts, patents
- Originality
- Background preparation
- Research Project – Design, Feasibility, Impact
- Research resources
- Impact to patient care or health care

Notification of Awards

The following conditions will be observed when notifying candidates on the status of their application:

- The recommendations of the Committee will be forwarded to the Scientific Director who is the final authority for approval
- The deliberations of the Committee are confidential: results will be communicated only by the Scientific Director
- The start date and conditions of the award will be clearly stated in a terms and conditions agreement, which will be signed by the recipients before funding commences
- All applicants will be notified of the results of their application in June.

Reporting

- An interim report on the research project will be provided to the St. Joseph's Healthcare Foundation and the Research Institute 6 months from the receipt of the funds. The interim report should outline key deliverables and progress to date.
- An Annual Progress Report will be required, based and dependent upon, the length of the study provided in the application, and a Final Report will be due to Research Administration upon completion of the research project.
- An in-person presentation of the research findings will be made to a CARSTAR North America representative as well as providing a copy of the Final Completion Report. Progress reports for completion can be found on the Research Institute website: <http://research.stjoes.ca/research-administration/awards-grants>.

Preparation of Application

Please go to the Research Institute website to access the application documents: <http://research.stjoes.ca/research-administration/awards-grants>. All applicants are required to submit a final combined application in pdf format. Research Administration will NOT accept paper-based applications.

There is one stage to the application process:
