

PARTICIPANTS NEEDED

for Research Study

Does Coordination of Oral Anticoagulant (Blood Thinners) Management at Hospital Discharge Improve Patient Outcomes?

- Are you 18+ years old?
- Will you be discharged soon from hospital on oral anticoagulants (blood thinner pills)?

The Clinical Pharmacology Research team from **St. Joseph's Healthcare Hamilton** is conducting the COACHeD randomized trial to try to improve the effectiveness and safety of anticoagulant drugs in the first few weeks after patients leave hospital.
